**+ NISSAN**  
**BOOST YOUR PERFORMANCE**  
with a Turbo System for your Nissan Diesel

## + TURBO KITS.

Denco Diesel and Turbo are Australia's premier manufacturer and distributor of quality diesel turbocharger systems and Intercooler systems for 4WD vehicles.

A common complaint from diesel vehicle owners is a lack of power. The addition of a Denco Turbo System enhances vehicle performance and efficiency. Designed and manufactured to suit our harsh Australian conditions all turbocharger systems are backed by a national network of Denco trusted distributors. Please contact us for a distributor near you.

Our systems are set to a low boost pressure and an increase in power of 30-35% on the standard vehicle can be expected.

### Features Include:

- More for your money
- Our straight forward design allows for easy fitting, all systems come complete with fitting instructions and a detailed parts list. [www.dencodiesel.com/fitting\\_turbo.html](http://www.dencodiesel.com/fitting_turbo.html)

- Pre-assemble components saving you time and money
- Oil cavity cooled bearing housing eliminates leaking water hoses
- Schwitzer S series turbocharger with integral wastegate
- Hi flow compressor and ducting for better air flow
- Pulse exhaust manifold for better low down torque
- Complete Mandrel bent exhaust system
- Realistic power setting for optimum performance

With over 30 years experience, Denco's combined turbo and fuel injection expertise has provided an excellent base for the range of aftermarket turbocharger systems produced locally in their Australian owned facility, and proudly exported to the world.

We supply turbocharger systems for leading manufacturers of 4WD vehicles. Nissan, Toyota, Ford, Isuzu, Mitsubishi, Daihatsu, Mazda and Musso.

Model	Standard Naturally Aspirated	Turbo .5 Bar Boost
